

“OUR (COFFEE) CUP RUNNETH OVER!”

Har Shalom is happy to support The Peace Kawomera Cooperative in Uganda through the purchase of its fair-trade and organic coffee!

This unique interfaith cooperative was formed in 2004 by an Ugandan Jew and is made up of 558 small-scale farmers working together to create sustainable community projects.

Participate in the mitzvah of “*m’chalkel chaim b’chesed*”— sustaining another’s livelihood. (One dollar from each package is rebated directly back to the cooperative!)

“Not just a cup, but a just cup.”

*The chemical-free water process requires large amounts of coffee, and we are currently unable to decaffeinate this great Ugandan coffee using this process.

I would like to sponsor coffee for the Congregational Kiddush for one month for \$100.
